

About Us

Hi. My name is Victoria Garloch and I decided to start a community soup kitchen in Pine Island, New York, for my Girl Scout

Gold Award

Project. I believe that the

Warwick

Community

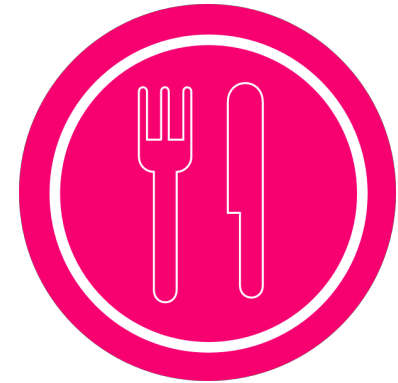

Kitchen is needed and can be successful in our community. With the help of our partner, Vision Community Church, the hard work of the WCK staff and the support of groups like yours we're providing a valuable service to the members of our community who are struggling.

Our Cause

Some of North America's most fertile soil lies an hour's drive from Manhattan in an area known as the "Black Dirt" region of Orange County, NY.

This area is both a prosperous suburb and a farm community where local farm workers often face difficult economic conditions.

Local programs like Warwick Community Kitchen (WCK) work to lend a hand to these residents.

For roughly \$10 a person WCK provides a hot meal and a bag lunch to any local resident in need of one.

We do this through sponsors like you who raise money to support an individual dinner and then volunteer at the event.

Step 1 - Commit

Contact WCK at the addresses below and set aside a date for your group to sponsor a dinner. Sponsoring groups raise the funds to buy the dinner and provide at least 10 volunteers the night of the dinner.

Step 2 - Fund

Use the sponsor sheets included in this kit to get sponsors to support your dinner. You'll need to raise approximately \$500.00 to support the cost of your dinner.

Step 3 - Shop

WCK will provide a shopping list for your dinner of necessary food items, paper products needed and incidentals. Those items can then be delivered to the WCK by the volunteers who will be coming to cook the meal.

Step 4 - Participate

Your group of volunteers will come to help cook, set up, serve and clean up. Volunteers can be staged in shifts. You will work this out ahead of time with the WCK staff.
